

Alliance Geotechnical Pty Ltd is an independent geotechnical and environmental consultancy firm that takes great pride in its professional services, fast response times and highly qualified work force.

Our accredited Testing Laboratory and Quality Management System ensures consistency and excellence in the services we provide. We do this by complying with all the elements of ISO 9001 and ISO 17025 and, by having well-defined procedures, guides and tools which are clearly understood and used by all staff.

Our Quality objective is to provide our customers with fast and reliable services and superior technical support. Continually measuring our internal performance, as well as feedback from our client's, provides the framework necessary to determine if we are meeting these objectives.

The management of Alliance Geotechnical is committed to the ongoing improvement of the Quality Management System and complying with the requirements of ISO 9001 and ISO 17025.

By regularly measuring the effectiveness of the Quality Management System, encouraging staff to be proactive, and aiming for excellence in customer service, we expect to achieve significant quality outcomes.

Simon Thomas
Managing Director
